Hello World.

I'm Seamus – a web designer with experience in both front-end development and graphic design. I have been working in the industry since 2018 and have consistently worked to expand my skillset and stay up-to-date on the latest technologies. I pride myself on being a fast learner and always seeking out new opportunities to improve my skills. My strong attention to detail and dedication to delivering quality work make me an asset to any project. I am excited to take on new challenges and continue growing as a web designer.

WORK EXPERIENCE

2019 - Current

Web Developer (*freelance*)

Design Barn

Design Barn is my freelance business specialising in WordPress websites. I have experience working with a variety of builders, and have had clients ranging from a university-led engineering project to charitable organisations and cafes. I am skilled at collaborating with clients to identify their needs and deliver high-quality results on time and within budget.

2018 - Current

Web & Graphic Designer

Open House (in-house) , Bangor NI

I have been working with Open House, a festival and events non-profit, as their web and graphic designer since 2018. I am responsible for designing and maintaining their website, which includes an events calendar, and handling all of their graphic design needs, including creating event posters and social media content. I have extensive experience working with the charity to promote their events and establish a strong online presence.
